Advice for Pre-school students from K1

Dear Future K1 students,

Every kindergartener knows how it feels to be a Pre-K student going on to Kindergarten. Here is some advice that will help new K1 students next year!

The K1 students want to tell the Pre -school students about the cal-

endar and morning message. "Every day we have a morning message." There are special areas in the classroom like the workshop, Game Corner, etc.

You probably will be scared, but don't worry. You will find friends soon and before you know it, you will have fun in K1!!!

From your friends in K1

Beal School

Volume 1, Issue 2

June 2008

Special points of interest:

- ☺ School begins on Sept. 2, 2008.
- ☺ All schools have the uniform policy.
- ☺ Beal colors are: shirts- light blue or white; pants tan or navy.
- ☺ Shirts must have collar, no logos and tucked in.

K 2

Dear incoming kindergarteners,

Kindergarten advice to preschool is to listen, pay attention, have self control (self control is to control yourself and not to get wild.) , look at the teachers when they are teaching, and keep your hands to yourself. One important rule is no tattling on others.

Things that preschoolers should get ready to learn

about is butterflies, tools, graphs, morning greetings, using scissors, equal groups, sorting, skip counting,

recess, centers, white boards and markers, projects, wood working and house keeping, writing, playing with blocks, library, art center, painting, computer, reading, coloring, shapes and sizes, math, and calendars.

The fun stuff that kin-

dergarteners love to do is self- portraits, feelings, patterns and they love to read.

You will enjoy kindergarten.

Sincerely,
Jonathon
and
Dezmen

Rm 1

Dear future first graders,
First grade is really fun and we heard it over and over when we went into the first grade. There are a couple of rules that you should *never* forget. Now I know that everyone knows this one but it's the most important

rule. #1. You should never disobey your teacher.
#2. Always bring in your home work on time.
#3. Always behave and
#4. Always bring a pencil.
By the end of the year you will have a vocabulary as big as the fifth grader.

Sincerely,
Ms. Walter's first
Grade class

Rm. 2's Advice

Dear incoming 1st graders.
Rm.2 has some advice for you. If you want praise, you had better work hard and behave. Get ready to kick into high gear with reading. You're expected to read 25-50 books. You'll have to learn to hold scissors correctly. Math is something you'll have to do

and you will learn new strategies. Unlike in kindergarten, you'll have your own desk, but you need to keep it clean. Don't be shy, project your voice and it will save the teacher's voice. If you want good grades you have to do more work. Respect and be kind to your teacher as well as your

friends and classmates.
To tie it all up, be safe and you will have a friendly classroom.
Enjoy the rest of your school year.

Room 3's Advice

Dear Kindergarten,
The first grade gave me some great info about being prepared to go to first grade.
The first graders had a lot to say about what you need to take to first grade. These things are very interesting for you kindergarteners to know. They are:

- *pencils
- *erasers

*markers
*crayons
*backpacks
The fantastic kids in room 3 said there are a lot of rules to follow in room3. Lets find out what they are:
*work hard * try your best to listen * take a break and *to stay safe.
Some exciting extra facts are: learn new things, talk out your problems and be sure to have a lot of fun with

your teacher and class mates.
That's how you need to stay safe and learn in room 3.

Good luck next year,
Room 3 students

Advice From room 22

Dear first grade,

You will respect other kids, other kids stuff, your elders and your teachers. You will have manners. You have to be reasonable. You need a book at all times. The 3 L's

are **look, listen, and learn**. You must be very quite, nice, kind and patient.

You will be expected to work in a team. You'll work on clocks, 100 boards, geometry shapes, history, mete-

orology, insects, rulers, and mathematics. Listen to me 1st grade!

Welcome New 2nd Graders!

Dear incoming 2nd graders,

What happens if you don't follow the rules? What can you look forward to? This letter answers those two questions that you might have.

If you do not follow the rules, the consequences are you might stay back, won't have

recess, etc. So you don't have to have any consequences, the rules are keep hands/feet to yourself, don't talk when the teacher is talking, respect everything and everybody in classroom.

A fun thing you may look forward to is the expedition on insects. You will also learn a

lot on sound! If you like reading you will love 2nd grade! I hope you will love second grade so much. Good luck!

Advice from grade 3, rm.5

Dear 2nd graders,

Some advice third grade would give you is: to be quiet, participate, keep hands to yourself, listen to the speaker, take care of yourself, move carefully around the room, and be sure to have 2 pencils in case one breaks.

3rd grade

Dear 2nd grade,

Life will be harder than 2nd grade.

You will be expected to have 2 sharpened pencils at the ready, raise your hand to talk, and not to talk in the hall.

You will also be expected to respect

You'll learn about Pilgrims, ponding, multiplication, division. Be prepared for gym with sneakers to play kickball, tennis, soccer, and basketball. You'll also do snow shoeing, wall climbing and stretching.

whoever's talking, and respect each other. You shall keep your hands to yourself, help other people, let other people borrow your stuff, and do not to run in the school. The work will be much harder. You'll make circuits in science and your homework must

Good luck in third grade!

Advice for all 3rd graders from Rm. 9

Dear future 4th grade learners,

We just want to give you some helpful advice for next year, like ... stay on task, don't be rude, no side conversation, no fighting, try to do your

best. If you don't follow these rules you will certainly DIE in 4th grade. The consequences are losing recess, failing 4th grade, etc. So farewell and good luck.

Soon to Be 4th graders

Dear 3rd graders who are about to be 4th graders,

Room 10 says 4th grade is fun but only if you can follow these rules.

1. Never disobey you teachers.
2. Don't ever forget your home work.
3. Never forget you pencils.
4. Stay quiet in line.
5. Don't ask to go to the bathroom a lot during class.

6. Never pass notes.

This is very bad.

7. Study hard.

8. Have a good eraser.

9. **Never ever** bring candy or toys to school. **This is very bad.**

These are most of the things that 4th graders say you should know. Also just stay on the teachers good side.

SO GOOD LUCK!!!!!!!!!!!!

Room 6's Advice

Dear grade 4 students,

Head's up and listen!
Don't joke or be mean or start drama. Be nice, listen and read more! Do your homework Monday-Friday. Don't bring pencil sharpeners, binders, red pens, or pencil pouches to school.. Act better than a 4th grader, and only a

little joking. **No home-work=No recess.** You'll always be busy. **NO EXCUSES.** **No home-work=No computer project.** Be ready for MCAS, and lots of open response writing. No disrespect to your teachers, practice multiplication and

division, listen, don't talk while lining up, have respect, behave yourself, and don't forget your pencils.

Good luck.

Jonathon

Listen Up 4th Graders!

Dear 4th graders,

The fantastic 5th graders would like you to know some awesome tips. LISTEN UP! Some crucial rules that you need to follow are:

- * No talking
- * Stay safe
- * No gossip
- * No boyfriends or girlfriends

Some super important supplies you will need to have are:

- * At least three pencils
- * A pen
- * Three ring binder

The classroom code of conduct is:

- * Follow directions
- * Respect the teacher
And each other
- * Behave
- * Be energetic
- * Be prepared
- * Be quiet

If you follow the rules and

Lose yourself in a good book
this summer.

be prepared to learn cool stuff, you'll have a blast! Good Luck!
